We pride ourselves on our diversity and individuality here at Swarthmore College. However there is at least one thing that we all have in common. We are all here, even if only for a short time. All those who spend their time here contribute to the creation of a very special community. We come here from all parts of the world. Each of us has a unique past, and each of us is driven by a different dream. In a sense, our meeting here is purely by chance, yet some of our most lasting friendships will begin and flourish here. It is the spirit of these relationships which we have tried to capture on these pages. After all, the time that we spend here together passes all too quickly, and before long our paths diverge and we are separated again.

Feeling the loss of key players and the changing of its head coach, the Garnet Tide rebounded after 5 losses to soundly defeat its last 4 opponents. The "box" defense made its presence felt to shut down and help upset F & M, while the young offense improved considerably to score an average of 23 pts./game in the last 4 contests.

Rugby

Though barely winnable on the field (1-7), the Swarthmore College Rugby Club is unbeaten off the field. The bruises will go away, but the memories will last forever. The Vassar trip, rucking over cars, bike-rack road blocks, "No Mark, that's a security booth," sleeping in front of the church, Bart Maloy — still the most disregard for his body, "I kept thinking Merlin was Marlo on Wild Kingdom, and Jim was Marlo's best friend, so I kept calling him Jim," Mark C. — holds it in till after we leave, stick races, boat races (where was Beau?), John Jewler — "Well you can leave now or you can leave later . . .," the alumni game, and you can't forget the meat toss. Thanks to all the new freshmen and the old hands, you're great!

Parents' Weekend

Tarble in Clothier

In the fall of 1983 the students of Swarthmore College lost their social center to fire. A few years and several million dollars later, the new Tarble, Tarble in Clothier, opened. The dedication ceremonies, held on April 19, 1986 during Parents' Weekend, were attended by many students, faculty and staff as well as by various members of the Tarble family and of the architectural firm which designed the "ship in a bottle."

The Halcyon 1986 Staff

Well, the year is over, and the seemingly endless task of putting the yearbook together is drawing to a close. If I've done my job right, each person should be able to find captured on these pages something which can bring back some special, personal memories. If any of these have been immortalized forever, the whole effort will not have been for naught.

I would like to give my most heartfelt thanks to all those who lent a hand in getting this book completed — especially Troy Engle, Pat Trindar, Mike Gilroy and all those students who willingly submitted their photographic work. Also — to my roommates goes the award for super-human tolerance and patience in the face of my frequent yearbook-related rantings and ravings.

Once again, to the seniors, congratulations. You've passed Survival Test #1. I wish you luck on all the others to come.

Sincerely,
Leslie MacAvoy
